Audience: Teachers, School, District, and State Administrators

Objectives: Professional learning opportunity focused on:

1) Expanding understanding of educator effectiveness beyond traditional definitions and models

2) Examining the importance of developing collaborative partnerships across school communities to leverage resources and ensure the recruitment, distribution, and retention of effective educators

3) Discussing how systems and processes can promote and constrain efforts toward equitable distribution of effective educators

4) Identifying areas to begin planning efforts for addressing equitable distribution of effective educators

APPLICATION DEADLINE: JULY 20, 2015
